Having kicked off an impressive 2021, **Wasback** has just released his third single of the year, and is seemingly only getting started. His uplifting cover of **Kesha**'s hit "Tik Tok" has already independently amassed over 700k streams on Spotify, while his radio-ready collaboration with **Steffy De Cicco** and **Sam Tinnesz** "Fences," out recently via **Virgin/UMG** is seeing considerable success as well.

Wasback's latest single comes in the form of yet another throwback cover, this time **Lady Gaga's** 2009 club smash "Just Dance" featuring **Colby O'Donis**. In an impressive effort as always, Wasback showcases his production skills once again on "Just Dance," crafting a dance anthem that can work as perfectly on the radio as in the club, infusing the arrangement with groovy basslines, infectious chords and thumping kicks.

## **About Wasback**

Wasback, a 20 year old Italian producer is one of the most promising young talents in the dance music scene. His career began with his release "Magic," released under Revealed Recordings, which received 11th place on the Big Room Beatport chart. A few months later, Wasback released "Let it Go" under Maximize, which went on to receive support from the likes of Tiesto, Nicky Romero, Hardwell, Dimitri Vegas & Like Mike, conquering the #3 spot in the Beatport Big Room chart.

His decision to change the direction of his musical style in 2020 led to him releasing just one track during that year, but in 2021 he returns more powerful than ever. Wasback began the year with his uplifting cover of Keshha's hit 'Tik Tok' which has already independently amassed over 800k streams on Spotify, while the radio-ready collaboration with Steffy De Cicco and Sam Tinnesz "Fences" (out via Virgin/UMG) is also seeing considerable success, entering 6 Editorial playlists over the span of a month.

Get ready to expect more music, bigger collabs and endless momentum from the Italian powerhouse!
